Week	Weekly Focus and UQ Extend Module	Lectures x 6 2 hours	Workshops x 3 2 hours	Assessment
Week 1	Medication Safety - Principles of medication safety - Medication errors - Mitigating the risk of medication errors			
Week 2	Pharmacokinetics and Pharmacodynamics - Importance of PKPD - Routes of drug administration PKPD - Drug half-life - Therapeutic Drug Monitoring	Lecture 1 *Course Introduction and Medication Safety*		
Week 3	Clinical Evidence and Therapeutic Decisions - Clinical trial evidence - Clinical trial design - Medication information sources			
Week 4	Cardiovascular System - Therapeutics of cardiac disease o Coronary heart disease	Lecture 2 *PKPD and Clinical Evidence*		

Week 5	Asthma and Chronic Obstructive Pulmonary Disease
	- Therapeutics of cardiac disease
	  o Heart failure
	- Therapeutics of respiratory conditions
	  o Asthma
	  o COPD
		Lecture 3
		Cardiovascular, Asthma and COPD
			Workshop 1
			Case: Cardiovascular
				Peer Assessment Case Study 1 due in Workshop

Week 6	Central Nervous System - Therapeutics of depression and epilepsy			
Week 7	Anti-Microbial Medications - Antibiotics - Antifungals	Lecture 4 *CNS and Antimicrobials*	Workshop 2 *Case: CNS and Antimicrobial*	Peer Assessment Case Study 2 due in Workshop

	- Antivirals			
Week 8	Analgesics - Therapeutics of pain management (acute pain)			

Week 9	Gastrointestinal and Vaccination
	- Therapeutics of:
	    o Dyspepsia
	    o GORD
	    o PUD
	    o Nausea and Vomiting
	    o Constipation
	    o Diarrhoea
		Lecture 5
		Analgesia and Gastrointestinal
			Workshop 3
			Case: Analgesia and Gastrointestinal
				Peer Assessment Case Study 3 due in Workshop

Week 10	Complementary medicines and VTE prophylaxis - Overview of VTE - Prevention of VTE - Complementary medicines overview - Complementary medicines and drug interactions			Case study Reflection Video due
Week 11	Medication Safety Scenarios - Apply principles of medication safety in practice - Identify sources of medication errors in practical scenarios			
Week 12	Revision			
Week 13	Revision
